

Press Mate M - 200.302.37

- Pressure gauge assembling kit for pressure reading inside tractor cab
- Max. operating pressure: 60 bar / 870 psi
- Dual Lock recloseable fasteners

Press Mate D - 200.302.74

- Digital pressure reading inside the tractor cab
- Max. operating pressure: 60 bar / 870 psi
- Dual Lock recloseable fasteners

PRESS MATE M - PRESS MATE D

Press Mate M: designed to place the pressure gauge directly into the tractor cab for an **easier and more comfortable reading**.

Press Mate D version assures an **accurate reading through the digital display** by connecting the pressure transmitter to the valve unit of the sprayer.

3M Dual Lock recloseable fasteners allow to **install easily** the kits inside the cab and they can be fitted also over the **M180 and M200 Braglia control kits**.
