Da 1.5 a 3.0 bar
From 22 to 40 psi

Materiali: allumina Al2O3 - materiali plastici ad alta resistenza.
Impiego: trattamenti fungicidi, insetticidi ed erbicidi. Applicazione di fertilizzanti liquidi. Distribuzione eccellente in un ampio arco di pressioni. Deriva ridotta a bassa pressione. Pressione consigliata 1.5 - 2.0 bar. Può essere utilizzato a 2.5 bar per migliorare la copertura (gocce più fini).

Confezioni da: 100

Materials: Al2O3 alumina ceramics - high resistance plastic materials.
Use: fungicide and insecticide herbicides and liquid fertilizer application on boom sprayers. Excellent spray distribution over a wide range of pressures. Reduced drift at lower pressures. 1.5 - 2.0 bar (22 - 30 psi) recommended operating pressure. Can be used at 2.5 bar (40 psi) for better target coverage (finer droplets).

Pieces per box: 100
