

## FIRE FIGHTING GUNS TURBINE, EVOLUTION, LONG RANGE, FOAM - MIX, WASHING

Braglia fire fighting guns are designed to provide an incomparable resistance even during the most complicated **civil protection operations**, thanks to their **brass and stainless steel body** and the handles and protections in shockproof polymer.

The front handle allows a **continuous spray pattern adjustment**. Moreover, the Turbine Evolution, Foam Mix and Washing models are equipped with **hand shield and trigger lock** according to the ISO/EN safety rules.

The **Foam Mix** gun is conceived specifically for fire fighting requiring **foam extinguisher**, suitable for **pressure up to 250 bar (3625 psi)**.

The **Long Range** features are: max distance 24 m. (77 ft), max capacity 112 l/min. (29 US Gal/min.) at 60 bar (850 psi).

The **Turbine gun, "TG" version**, comes with swivel connection and shoulder belt for **more comfort**. **Turbine Evolution** comes standard with shoulder belt.
